

MOC User Guidelines and Tutorial

MOC by BRL DMS

1. Introduction to MOC portal

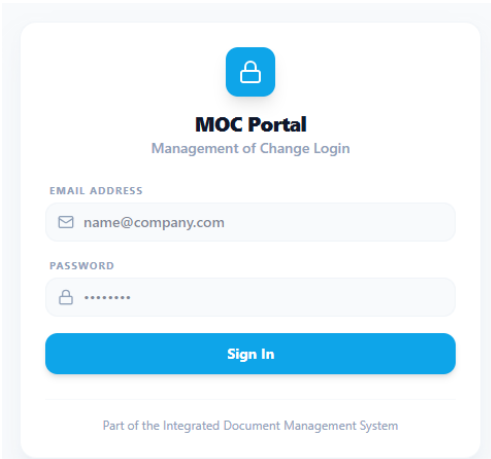

MOC portal is a digital form of MOC for which is known as Management of change.

You can access the portal by [clicking](#) here.

It has inbuilt approval flow defined, once you created MOC, there is no need a manual sign or approval, it will be automatically transferred to the approval authorities, and the mail intimation alert will be gone to them as notification.

The MOC portal is a part of BRL's DMS system, and all the entered information will be directly synced with the DMS system.

2. Login to MOC portal

The image shows a login form for the MOC Portal. At the top, there is a blue square icon with a white padlock. Below it, the text "MOC Portal" is displayed in bold, followed by "Management of Change Login" in a smaller font. The form has two input fields: "EMAIL ADDRESS" with a placeholder "name@company.com" and "PASSWORD" with a placeholder "*****". Below these fields is a blue "Sign In" button. At the bottom, there is a small text "Part of the Integrated Document Management System".
